

# Polycraft 530 Warrior

The Poly 530 Warrior is a really big boat for the money with an exceptionally wide, stable, and unsinkable hull that lends itself very well to a variety of family boating applications.

**Polycraft's new 530 Warrior Cuddy Cabin could be the ideal coastal fishing rig. It's not too big, not too small – and it's softer riding, safer, and more durable than most big tinnies.**
