

# *Glacier Bay 2270 with Honda 90hp VTECs*

Although we tested the Glacier Bay 2270 Isle Runner a few months back (F&B #119) this top selling model has been boosted by the introduction of the economical new Honda 90 which many believe is a nigh on perfect engine for these mid level catamarans in the 6.0-7.0m class. Last month, we had the opportunity of putting the combination together and found a very interesting result. . .
