

Black Magic: SUZUKI'S 140 4-Stroke

Since it was first released in Australia in May 2003, the Suzuki 140hp 4-stroke outboard has set a series of critical benchmarks for outboard engines available in this country, in terms of performance, fuel efficiency, transom weight, reliability and affordability. A little over 12 months ago, we bought two of them for our black cat / camera boat. In this special report, Editor Peter Webster reviews the performance and discovers the story just keeps getting better and better.
