

Haines Signature 543F

We're very proud to bring you this report; it's about one of the best boats of its kind in Australia; a craft that has been developed literally over the life of F&B magazine . . . It was first launched back in F&B #4 in its original guise as the 530F, and has undergone a series of upgrades and changes over the years, always retaining its original integrity, elegance, balance, packaging genius and family application. . . A special report by Editor Peter Webster.
