

Haines Signature 602F

Making its debut in the Melbourne Boat Show last July, then travelling to the Sydney Show in August and Brisbane in September, this stunning two tone black and white rig has drawn admiring comment everywhere it was displayed. Last month we finally had the opportunity to try it for ourselves and although we didn't have sufficient time to join the Signature team up at Lady Musgrave Island (where these opening shots were taken) we had a good session here on the 'Coast to fill in the gaps about what will surely become one of Signature's biggest selling models. Working in the \$75-\$110K price range, this is one very desirable BMT package . .
