

Fisherman & Boatowner FIELD TEST

Polycraft

Frontier 5.99 Centre Console

Polycraft, pioneer of polyethylene plastic boats, has launched a ground breaking new 5.99 LOA centre console, the first of several model variations. Full test by Jeff Webster, pics by the F&B team.

There's a new player in town and he's certain to cause trouble amongst the ranks of the establishment. Quintrex, Stacer, Stessl, Savage, - and the like - start shaking in your boots, because Polycraft has arrived.

Okay, perhaps I exaggerate, but the release of the new Frontier 5.99 m from Polycraft, and its acceptance or otherwise in the market, will be watched with great interest by industry stalwarts.

Polycraft has spent several years now fine tuning its roto-moulded polyethylene

construction technique with a series of smaller boats in 3.0, 4.1, and 4.55 m lengths. Now, with the launch of the 5.99 m boat, the company has jumped up a league. The new 5.99 m Frontier is a serious, full size boat, and the success of the Polycraft brand could well depend on whether the boat (or more specifically, the polyethylene construction) is accepted by the public.

Frankly, after testing the new boat, I have no doubt the Frontier will be a resounding success. The
