

Definitely one of the best launch ramp and jetty facilities on the Gold Coast - the Southport Bridge set-up is first class. However, there are many terrific facilities right around the Broadwater the Nerang River, Coomera River, etc. Few cities in Australia embrace the boatowner like the Gold Coast.

Over two issues of F&B, we will be providing a very special holiday guide designed to provide interstate readers with a heads-up on what this fantastic family boating destination has to offer . . . Darren Shiel, one of our resident boating writers (and a widely respected VMR skipper) his new bride Cathleen, and fishing specialist Mark Ward, will provide a detailed account of a Gold Coast fishing and boating holiday designed to show families how to organise the boating holiday of a lifetime.

Part One of Two

Family Boating Holidays On The Gold Coast!!

Getting The Most For Your Family From This Fantastic Boating Paradise!
