

RIGHTS OF PASSAGE

Don't have any doubts about this - fishin' Fraser Island is an institution. It is part of the 'rites of passage' for most fishermen, young and old. **For many blokes, it IS the Holy Grail.**

For others, it's a disaster. Boats lost, 4WDs drowned, trailers buried, outboards stuffed. Holidays broken . . . by the weather, the non-existent boating facilities, the sand, the sea. But as Chris Wyeth and his mates know, tough love or not, at some stage, a bloke's just gotta do it. This is their story; how to do it right, first time.
