

A large blue marlin is shown from a side profile, held by a person's hand on the right. The fish is dark blue with a lighter belly and a prominent dorsal fin. The background is a bright, sunlit blue sky with white clouds. The text is overlaid on the right side of the image.

TROLLING LURES

Continuing with the third and final instalment of F&B's three part Billfish Series highlighting the latest tag and release techniques. Most of this Series, has been produced by Damon Olsen off Mooloolaba in southern Queensland, but the techniques, rigging, terminal tackle (etc) apply just as much to fishing the waters off Cape Bowling Green, FNQ, Broome WA, Bermagui or Port Stephens, NSW.
