

Innisfail, Hinchinbrook, Mourilyan Harbour, The Palms & Others:

# Fishin' Sojourn In Far North Queensland

Barracuda From Mourilyan Harbour - note rain!

Catch of the day in the Hinchinbrook Channel

Decent long tail tuna Neil Dunstan pinned halfway across to the Palms

John struggled with this one, but finally landed it!

Small trevor from the Moresby River in the rain - but the grin still confirms it was all good fun!

Sarina-based fisho's Neil Dunstan and John Turnbull take off again - this time, heading the Barcrusher 530 up into north Queensland, chasing good weather and fair winds. But as their report reveals, for the first 10 days they had neither - in fact, they were just about all rained and blown out, when the weather Gods smiled again, and they enjoyed a couple of days fishing off the Palms of the kind that keeps us all going back. Time and again !

Story & Pics by Neil Dunstan
