

# Whitsundays' Amazing Fishing Fever

The last time Doug Lindsay wrote for ABM, he was taking his Seafarer centre console out wide to the outer Barrier Reef in company with Sea Fever Charters out of Shute Harbour. This time, he's onboard Whitsunday Sportfishing's newly restored O'Brien 40, heading for the Great Barrier Reef for one of the GREAT FISHING TRIPS in Australia, and brought back some truly amazing pics . . .

Doug Lindsay: "The other boys might be well ahead on the numbers of GTs, but I always seem to scratch up the better models" (Fellas - he paid us a case to write that!!) And lap dancing with a . . . GT ?X!? Doug, mate, you've gotta get out more often . . .

Even before we left Shute Harbour, Ken Argow scored this healthy 79cm barra amongst the pylons.
